U. S. Official Here With Delegation To Study Highway

State, Federal Officials Are Local Visitors During Inspection Trip

After an inspection trip over Highway U. S. 40 from Sacramento to the Nevada state line Monday, D. K. Chacey, representing the United States Army Engineers at Washington, D. C., conceded there are obvious deficiencies on the transcontinental highway over the Sierra but declined any comment on what report he would submit to Brigadier General Paul F. Yount, chief of transportation for the Army.

The inspection party, headed by Frank B. Durkee, director of public works for the State of California, visited briefly at the division of highways maintenance station and at the Sierra Sun office in Truckee during the inspection tour.

Others in the group included H. Stephen Chase, highway commissioner from Sacramento, State Engineer George T. McCoy, Maintenance Engineer George F. Hellesoe, District Engineer A. M. Nash, State Senator Harold T. Johnson, Robert E. Reed, department of public works chief counsel, J. W. Vickery, assistant state engineer, Guerdon Ellis, supervisor of the Tahoe National Forest, Huston Mills, Nevada highway engineer and J. L. Hancock, Nevada division highway engineer, D. J. Dobbas, president of the Placer County Chamber of Commerce, as well as Public Relations Director Ken Adams and other press representatives.

Although Chacey said he could nnot express opinions on the trip he made Monday in the company of California and Nevada highway officials, he agreed that the deficiencies of the narrow highway were obvious.

The state of California has appropriated $20,000,000 for widening a trans-Sierra route, provided the federal government puts up matching funds.

Chacey's report to the Army is expected to play an important part in the government's decision whether to match California's funds.

BUILDERS TO MEET AT KINGS BEACH TO OUTLINE PROGRAM

KINGS BEACH—A meeting designed to organize a Builder Exchange and Trades Council, embracing all contractors and licensed sub-contractors in the Lake Tahoe, Truckee and Donner area, has been called for 7:30 p.m., Wednesday, March 24, at the North Tahoe Utility District's office at Kings Beach.

C. E. "Pappy" Brooks, who is chairman of the meeting said he was sending out cards to most of the contractors, but said that in event any were missed, they are welcome to attend and discuss the proposed organization.

Organization of the group is proposed in an effort to eliminate unfair outside competition and provide work for all local craftsmen.

Standards and rules of operation, governing the contract procedure, are expected to be outlined at the meeting.

THREE INJURED ON HIGHWAY NEAR HERE

ROSEVILLE — Three persons were hurt in traffic mishaps on US Highway 40, near Floriston, caused by an icy condition.

Charles C. Sjostrom of Blackfoot, Ida., and his wife, Ivy, were taken to the Tahoe Forest Hospital, near Truckee, Nevada County, with injuries suffered when their automobile skidded into a snowbank and overturned.

William Cross, an Oakland truck driver, suffered major injuries while making repairs under his vehicle which was parked beside the road. A car driven by William Clary, Box 183, Kings Beach, skidded and collided with the truck. Cross was taken to the Washoe Medical Center in Reno, Nev.

DIMES COUNT HERE SHOWS BIG GAIN

The final count of cash from the recent March of Dimers in this district shows that the Truckee area contributed $766.27, a sum far in excess of previous drives.

Chairman Roy Waters, in announcing the results of the drive, expressed his appreciation for the liberal donations and the help given him during the fund raising campaign.

Scout Planning Meet

A planning meeting for Cub Scout leaders and Den Mothers will be held at the Glenn Lee home Monday evening, March 22, at 7:30 p.m. and all interested persons are invited to attend.

Dolley Will Enter Race To Succeed Self For Local Constable Post

N. F. "Tom" Dolley this week announced that he will be a candidate in the June 8 primary election to succeed himself as constable of the Truckee Judicial District.

From a point of service, Dolley is one of the oldest peace officers in Nevada County, having been a deputy sheriff from 1932 until his election 12 years ago, a total of more than 20 years.

Being located on a main transcontinental route in the first center of population in California, Dolley has been called upon time after time to apprehend some of the nation's most vicious and widely-sought criminals. Seldom a day passes that he isn't called by distant city police to assist in stopping criminal suspects.

Few smaller town officials have such a wide range of criminal apprehension activities as Constable Dolley. His ability and willingness to cooperate with other law enforcement agencies as well as being constantly alert in local crime detection has never been questioned and Truckee is indeed fortunate in having his services.

The constable is a constant supporter of local activities and is prominent as a property owner, having recently purchased and modernized the former Sierra Tavern—now Hotel Truckee—and previously and presently owning and operating the Dolley Apartments. He is also partner in the Truckee Colonial Mortuary and has provided this area with an ambulance service which would do credit to cities many times the size of Truckee.

Dolley is married and the father of three children, the youngest, Tommy, attending the local high school and his two daughters being married and living elsewhere.

Dolley has never confined his work to the duties stipulated by law which designates him bailiff of the justice court, but has continuously served chiefly as a law enforcement officer.

NEW AMBULANCE IN LOCAL SERVICE

The Truckee Ambulance Service has added a new Pontiac ambulance to its stable to provide increased service and comfort to patrons. The new coach, designed by the maker exclusively as an ambulance, has a capacity for four cots and has all the required built-in features to make it modern in every detail. It is white and strikingly attractive as well as being vitally useful.

DRIVER ARRESTED AFTER CAR CRASH

Judge Fosten W. Wilson this week released Clinton W. Reynolds of Reno on $300 bail after the latter appeared in the Truckee court on a drunk driving charge. Reynolds was arrested after a tow truck he was operating went off the highway and was wrecked near Hirschdale last Friday.

Reynolds, Elsie Colldeweth and Winifred L. Kernek, the latter two passengers in the vehicle, were all given treatment at the Tahoe Forest Hospital.

Knights Of Pythias Are Invited To Reno Session

Local members of the Knights of Pythias have been invited to attend a meeting in Reno Tuesday evening, March 23 when Imperial Prince John M. Lawrence will be on hand to officially organize a Dramatic Order Knights of Korrabans program for relief of spastic children. This is a national program sponsored by the D.O.O.K. and Nomaus of Ayrudaka, ceremonial organizations of the Knights of Pythias.

The program will also include the Reno public speaking contest for high school students, an address by Lawrence and a TV show.

Match Scheduled

The Women's volleyball team, sponsored by the Truckee Athletic Club, has challenged the Lions Club's team to a match tentatively set for Tuesday evening, March 23, at the high school gymnasium.

Jay Richards is coach and captain for the Lions and Margaret Copeland will head the women's team.

Veteran Truckee Rail Man Expires At Colfax Home

Last Rites Held For Riordan Following Long Illness

Funeral services were held yesterday morning in St. Dominics Catholic Church at Colfax for Bartholomew John Riordan, who died at his home in that city Sunday following a prolonged illness. A rosary was held Tuesday evening in the West Chapel. Interment was in the Colfax District cemetery.

Riordan was widely and favorably known here where he and Mrs. Riordan resided for many years while the deceased was roundhouse foreman for the Southern Pacific Company. Ill health forced his retirement a year ago and ten months ago the well known couple moved to Colfax.

Riordan was known as Bat from one end of the western division of the Southern Pacific Company to the other, was born in San Francisco and received the name Bat from his prize fighting days in the Bay city, where he fought under the name of Battling Riordan.

His first job with the Southern Pacific was as a fireman, out of Rocklin, and later he went to Colfax to become foreman of the roundhouse.

Later he was transferred to Truckee, acting as foreman of the roundhouse here until forced to retire.

In addition to his widow, Edith M., he is survived by his sisters, Kathryn Gordan of Millbrae and Helen Cushman and Nora Riordan, both of San Francisco.

DESPITE INJURIES, DICK BUEK WINS NATIONAL HONORS

SODA SPRINGS — Word from Aspen, Colo., tells of the recent triumph of Soda Spring's Dick Buek, who won the national downhill championship ski event there Saturday.

Buek, who was so badly hurt in a motorcycle accident last year that his chance for recovery was doubted, has made a most remarkable comeback and despite this handicap, which has apparently damaged one leg permanently, he went up against some of the best skiers in the country and emerged victorious.

Buek made the mile and three-quarter course down Aspen mountain from the Buckhorn Run to Spur Gulch in 2:08.2, beating Darrell Robinson of Salt Lake City by three-tenths of a second. The course makes a drop of 2500 feet.

The Soda Springs star, who during the past winter has made some of the most spectacular runs of his career, was a member of the 1952 Olympic team and captured the championship last year from Ralph Miller, now with the United States Olympic team in Europe.

Wolverines Lose Game To Stewart at Reno

The T.N.T. Wolverines traveled to the University of Nevada gym where they played a tournament game with the Stewart Braves last Wednesday.

The Braves upset the T.N.T. Wolverines in a hard and fast game. The final score was 55-37. The Wolverines were unable to keep up with the fast floor game staged by the Braves during the first half. Halftime score was 32-14.

During the second half, the Wolverines did better. Mike Soltau led this onslaught and the team cut a 21point lead to 11 points. Jack Van Hooser and Aaron Thomas also did much to spark the squad with a flurry of shots during the first part of the fourth quarter.

High point man for the evening was Mike Soltau of T.N.T. making four field goals and six free throws totaling 14 points. Closely following Soltau was Slivers of Stewart with 13 points.

—By Bill Wright

Born on the Ides—

Linda, daughter of Mr. and Mrs. Roy Elf enjoyed a family dinner party and special cake on her birth date, March 15.

SUNBEAMS

By WALTER M. BARRETT

The apparent willingness of officers and members of the Truckee Athletic Club to sponsor a youth organization within its ranks is worthy of commendation. A meeting has been called for next Monday evening to thoroughly discuss and decide the future of the suggestion made by the youths themselves. The Athletic Club, since its inception only a few short weeks ago, has accomplished a number of worthwhile activities—basketball, volleyball, square dancing and other equally popular programs—but we believe the sponsoring of the youth group, embracing boys between the ages of 12 and 20 years, will, if properly conducted, provide the highlight of the club's career. The very fact that the boys themselves are asking for the sponsorship puts the spotlight on their desire to participate and engage in wholesome, energy-releasing activities. While the matter cannot be settled until the Monday evening meeting, the outcome of which will depend entirely upon the boys and their parents as well as the Athletic Club, it can only be hoped sincerely that the results will be beneficial.

The announcement that more than 100,000 catchable rainbow trout will be planted in the Truckee district this summer may provide one conclusive answer to the question of the skeptic regarding the program of the Truckee Outdoor Sportsmen. It is through this organization, cooperating with state officials, that the program is being enlarged annually. The Outdoor Sportsmen comprise the only local organization committed solely to the bettering of fishing and hunting conditions and without the work of this group of hard-working citizens our greatest local resourse might soon become a lost hope. The Outdoor Sportsmen is more than worthy of our united support.

JOHN LLOYD HIGH ON STATE'S LIST

John Lloyd, foreman for the division of highways on Donner Summit for the past several years, recently passed the state's examination for highway division superintendents and is listed as fourth in the state. This position virtually assures him of an early promotion in his chosen occupation.

Donner Dancers Are Hosts At Gathering

The Donner Dancers, square dance section of the Truckee Athletic Club, were hosts at their regular Friday night session to the Tahoe Twirlers of Kings Beach and two couples from the Sa-Shayers of Reno.

Tom Zeme from the Reno group was the caller for the evening. Fifty members and guests enjoyed the evening of square and folk dancing with intermission for refreshments.

ROBERTA BUFORD IS SPELLING WINNER

The Tahoe-Truckee High School was host to 16 students from within the school district for their annual spelling bee last Thursday. The students assembled for this contest were the best from each school represented. Each participant was required to take a 50-word written test which was followed by an oral examination of 10 words each.

Roberta Buford from the Tahoe Lake Elementary School was the winner missing only one word in the written test and one word in the oral test. Timmie Risden from the Truckee Elementary School and Gwen Mizner from the Kings Beach Elementary School tied for second place and will represent the school district alternates.

The county-wide spelling contest will be held in the Penryn school in Penryn on Saturday, March 20 at 9 a.m.

Athletic Club May Sponsor Youths' Section In Area

Meeting Monday To Hear Request For New Organization

Another and probably one of the most vital units of the Truckee Athletic Club will be discussed and if found desirable is to be organized at a meeting of teen-aged boys and their parents at a meeting called by President Daven Morey for 7:30 p.m. Monday at the Truckee elementary school.

Morey said that at a meeting of the TAC held last Monday, the group was approached by a committee of boys, headed by Tom Grow, asking that the club sponsor and supervise a youth organization to embrace boys between the ages of 12 and 20.

The club took no action at the time, wishing to determine the opinion of more youths and their parents before accepting the responsibility. All youths desiring a separate unit of the club, designed to provide recreational activities, supervised and controlled by themselves under the auspices of the TAC are urged to attend Monday's meeting together with as many parents as possible.

The club unit, if organized, will embrace the entire area and include boys from North Tahoe, Donner Summit, Truckee and other surrounding centers.

Morey said he had discussed the feasibility of the plan with other community leaders and is convinced that the proposal merits further study and that if it can be accomplished, with unified support, will result in curbing any tendency toward juvenile delinquency by providing a wholesome outlet for youthful energies.

RENO OFFICERS LOOK FOR 'LOST' CAR AS TWO ARE INJURED

RENO—Sheriff's deputies hunted nearly eight hours Monday night for a car in which Gerald A. Walsh, 21, of Stead Air Force Base, and Josephine Gunn, of 33 W. Sixth St., suffered minor injuries.

The vehicle, a 1949 Mercury sedan, was finally discovered by California Highway Patrol officers a short distance from Truckee. Deputies said Walsh and Miss Gunn, who were brought to Reno by a passing motorist, had apparently been confused as to the actual site of the accident.

Deputies said both Walsh and Miss Gunn suffered superficial injuries when a car passing a large truck forced them off the highway. They said Walsh told them his car would have plunged into the Truckee River if a large tree had not impeded its fall.

Walsh said he and Miss Gunn were covered with blood, but that five or six motorists passed them by before one stopped to take them to hospitalization.

OFFICIAL INSPECT NEW HIGHWAY BARN

State and national officials while on an inspection of Highway 40 Monday stopped to inspect the new $225,000 highway maintenance plant here which was dedicated officially last week. The dedication was arranged and carried out with the assistance of Donner Chapter of the California State Employes Association.

The affair was arranged by division of highway employes with Kenneth Fuday, local foreman, in charge of the committee, assisted by other members of the division's local staff.

The new installation won praise from the visitors and the station has been classified as one of the best and most modern in the state.

New Schedule

A change in the office schedule for Dr. Oliver Scow, Truckee dentist, was announced this week. In the future and until further notice the Truckee office will be open Mondays and Tuesdays from 9 a.m. until 5 p.m.

Dr. Scow is alternating his time between here and Portola, where he also is currently practicing.

New Bakery Opening Here Friday; Open House Next Saturday

Mr. and Mrs. Jack Stewart this week announced they will open their Stewart's Truckee Bakery in the Smith Building adjoining Tonini's tomorrow and that the open house will be held on Saturday, March 27.

Stewart has installed all the latest baking equipment and is prepared to present a wide variety of pastries, pies, cookies and other dainties as well as 18 different kinds of fresh breads. A feature will be decorated cakes for all occasions.

The entire community should be looking forward to the open house which will be held all day March 27 from 10 a.m. until 6 p.m. During that time everything will be "on the house" and the bakery will be fully stocked with all varieties of treats which will be served with coffee free to everyone stopping in to inspect Truckee's newest and welcome industry.

Large tables will be heaped high with cakes, cookies, donuts, pies, pastries and other fine foods and every hour a gift will be presented to those in attendance, Stewart said.

The open house was arranged to give everyone in the region an opportunity to inspect the new bakery and the newcomers are preparing for a large turnout from all over the area.

The Stewarts recently sold their bakery at San Rafael to move to Truckee and their two daughters have entered the local schools. The family is living in the Filipcic apartment on the old Reno highway.

Truckee will join in extending a welcome to the Stewarts and will wish them all possible success in their local enterprise.

ONLY LIGHT SNOW IS REPORTED HERE

A little over two inches of new snow fell in Truckee during the past week, but from all reports this immediate area had much less than surrounding regions, including points in Nevada and below Colfax.

The U. S. Forest Service here reports a total of seven inches on the ground. Precipitation for the week was only .12 of an inch bringing the total for the season to 19.70 inches or about four inches below normal for the end of March.

RADIO PRESENTED TO HOSPITAL ROOM

Hospital attaches and patients alike are expressing their appreciation to Mr. and Mrs. Reg Smart for the combination console radio and record player which the Smarts donated for the Tahoe Forest Hospital's new recreational room.

Administrator John J. McGlade reports the patients are enjoying the new room which, although still lacking in furnishings and appointments, nonetheless is proving a great benefit. The huge fireplace has been completed to provide a cozy atmosphere and the room is used almost constantly by ambulatory patients and staff members for recess periods of relaxation.

Appropriate gifts of furniture would be quite welcome in dressing up and making the room more cheerful. The new console set from the Smarts did much in that regard.

80 ATTEND LOCAL ROTARY MEETING

The Truckee Rotary Club was host to a joint meeting of the Tahoe City, Brockway, and South Tahoe Rotary Clubs last Monday night at Cozzi's Cafe.

Johnnie Richards presided over the joint meeting consisting of over 80 members. Plans were advanced to the four clubs to provide one of the programs during the Rotary convention to be held in Sacramento April 25 through the 27th.

Highlight of the evening was a performance of tricks and magic presented by Dr. William L. Siebert of Reno.

Next Monday night's meeting will be held at the Star Hotel in Truckee, at 7 p.m. Election of officers for the coming year will be held.

Mr. and Mrs. D. L. McGihon have been in Oregon this week.

Fish Allocation For Local Water Higher This Year

Sportsmen Learn 100,000 Catchable Rainbow To Be Planted

Charles Osburn, president of the Truckee Outdoor Sportsmen, this week announced that he had been given assurance by the California Department of Fish and Game that over 100,000 catchable sized rainbow trout will be planted in this immediate district during the coming summer.

Of the total, Osburn said, 50,000 will be planted in the Truckee River, as compared to approximately 20,000 last summer.

Other plants here will include 25,000 in Donner Lake, 5,000 in Donner Creek, 5,000 in Prosser Creek and 15,000 in the Little Truckee.

Supplementing this number, a total of 50,000 will be placed in the Yuba River west of Donner Summit.

The fish to be planted, Osburn was advised, will range about six to a pound or between six and nine inches in length. The planting will be started in June and continue through August, according to present schedules.

It has been decided, the local organization president declared, to discontinue the planting of fingerlings in the streams, since the loss runs too high to justify the expense and work involved. He has been advised that the two per cent survival ratio is not worthwhile.

Osburn said that members of the Truckee Outdoor Sportsmen have volunteered to assist planting crews when the time comes to plant the streams here.

Fishing season on the streams in the area opens May 29, while Donner, Lake Tahoe and Boca will open May 1.

WAKEFIELD STARS AS HOOP SEASON ENDS WITH WIN

The Truckee Athletic Club closed their regular hoop season last Thursday night with a non-conference win over Reno's tough YMCA quint 53-46.

The YMCA, a "AA" team from the Reno City League gave the AC five expected trouble and held a lead throughout the first three quarters of the game. Truckee was not able to knot the score until midway through the fourth period, and it was in this final period that the AC quint started rolling and hit for a 21-point fourth quarter.

Al Wakefield took game scoring honors with a total of 30 points, highest for the season and was followed by teammate Phil Foster who connected for 13.

Since this was the last game of the season, the Truckee team takes this opportunity to thank the local people for their support of the team this season, and also to thank the persons who furnished facilities and advertisement for the club.

REHEARSALS WILL START FOR PLAY

Writing of the script for "May-Ham in the Studio," the forthcoming 20-30 Club's show, has been completed, Hugh Smith, production committee chairman, has revealed.

In line with the show, the 20-30 Club has scheduled a second pot-luck dinner for the purpose of calling together all members of the club and persons connected with the show to discuss any final changes in the script, casting and production problems.

The dinner will be held at the Truckee elementary school at 7 p.m. tonight.

Rehearsals for the play will begin in about a week and the show is scheduled for presentation to the public at the Veteran's Memorial Hall on May 14 and 15. It will be a three-act comedy-variety show and will run for about two hours. It will include a cast of 60 men and women in various acts and comedy skits.

SMALL BOY HURT BY ELECTRIC SHOCK

Barry, small son of Mr. and Mrs. William Waters had a narrow escape from death on Wednesday morning when a record player apparently shorted and gave him the impact of 110 volts of electricity.

The child was immediately rushed to the Tahoe Forest Hospital where he responded to medical care.

Out of Service

Herbert Copeland, who has served the past three years with the Army, has been placed on the inactive list and this week returned home to join his wife. Copeland said his immediate future plans are indefinite but they hope to remain in Truckee where both are well known.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO, (CNS), While Governor Goodwin J. Knight's attitude on the openness of public records to the public and the actions of state agencies in conducting secret meetings is well known, it nevertheless is refreshing to hear the chief executive reiterate them once and awhile.

At a recent press conference, he did just that, when asked about allegations that secret meetings were being held by the California Horse Racing Board, and that the minutes of the board meetings were not available to the public.

"All public agencies," the Governor said, "should conduct their business openly, in a department store window, if necessary."

Further he stated that " as a general policy, all the public's business should be discussed freely, publicly and openly."

Over the past few years, there has been a growing tendency on the part of not only state agencies, but local governmental organizations, to keep the business of the public apart and aside from public knowledge.

The trend has been halted somewhat through measures adopted by the 1953 session of the legislature, which requires open meetings and ample notice of such meetings on the part of the local governments.

But the legislature wrote out similar provisions providing for such open meetings by state agencies, and by the legislature itself. At the present time, any state agency can declare an executive session if it so chooses, without being subject to the penalties provided under the law.

But with the governor's declaration, not many state agencies are apt to exclude the public from the deliberations of their policy making bodies. However, there could be at some time or another, a governor who thinks differently on the subject, and it is this menace to open government that is causing the state legislature to go further into the subject.

Representatives of the senate committee on governmental administration recently circulated all state agencies, requesting information as to what public records are closed to the public and why, and opinions as to the desirability of laws on the statute books which provide for secrecy of some records.

Replies to the questionnaires are assumulating and the committee headed by Senator George Miller of Contra Costa County, plans to extend hearings prior to the 1953 legislative session.

There appears to be no intention to make public records such as income tax reports an dcertain corporate proceedings or confidential files. But there apparently are some statutes which close public records which should be looked into to determine whether or not the rights of people to a free government are being abridged.

Neither is there any intention to make public business such as discussion of atom bomb projects, or other items which might effect security of the nation.

Meanwhile, Governor Knight ha reassured the people of the state that as far as he and his administration are concerned, that their rights to attend state meetings, and look at state records, will not be withheld while he is in office.

VETERAN RIGHTS ARE EXTENDED FOR EXEMPTIONS

Thousands of veterans are eligible for the first time for the $1000 constitutional property tax exemption in California, according to the Veterans Service Officer, John Tauner.

Eligibility for the exemption, which may be claimed from March 1 to May 25 this year, has been broadened, he explained, by two factors:

1. The state legislature last year changed the World War II ending date from May 16, 1946 to January 1, 1947. Veterans who had active service between those dates now have the tax exemption privilege.

2. Korean veterans are eligible. No termination date to that conflict having been announced yet, veterans and servicemen who participated on active duty since June 27, 1950 may file their exemption claims.

MARCH SURVEY OF SNOW SHOWS NORMAL WATER

RENO —The March snow survey started last week.

Norman Hall and Don Smith of the Soil Conservation Service, using a sno-cat, surveyed eight snow courses on the south and east watersheds draining into Lake Tahoe. In general they found snow-stored water from 70 to 80 per cent of normal for March on low elevation as well as high elevation courses.

Next week this crew along with one composed of Charles Saulisberry and Ted Dennis of SCS will complete the Tahoe and Truckee surveys.

All of this information along with that from 80 other snow courses in the state will be sent to Nevada Snow Survey headquarters in the state SCS office where it will be checked, tabulated and published as the March report of Nevada Cooperative Snow Surveys.

Another complete survey of all snow courses will be made around the first of April.

DAMAGE SUIT FOR $150,000 IS FILED

NEVADA CITY— A suit for over $150,000 has been filed in the Nevada County Superior Court by Robert Pillus and his wife, Marcell Pillus against Grover Cleveland, as the outcome of an accident at 2 a. m. on January 3, 1954 on the eastern slope of Donner Summit a few miles west of Truckee on US 40.

The Pillus complaint charges Cleveland struck their machine, resulting in injuries to both plaintiffs.

Grass Valleyan Named On County Fair Board

Governor Goodwin J. Knight today announced the appointment of Mrs. Opal Hendricks of Grass Valley as a member of the board of directors of the 17th District Agricultural Association, Nevada County, for a term ending January 15, 1958. She succeeds Joel Bierwagon of Grass Valley whose term expired. Mrs. Hendricks is co-owner of a fruit ranch and is active in civic affairs of Nevada County.

Nutmeg is the seed of a peach-like fruit of a tropical evergreen tree.

TAX GROUP OF PLACER POINTS TO HEALTH COST

AUBURN—The lion's share of the annual county health department budget is being spent on salaries and wages, $52,648 out of a total 1953-54 budget of $68,453, with $14,300 going for maintenance and operation, declares the March issue of "Tax Facts for Taxpayers," monthly newsletter of the Placer County Taxpayers Association, currently being mailed to subscribers.

"Salaries and wages increased from $30,065 in 1950 to $52,648 in 1954, an increase of $22,583 in salaries alone in the last five years," Tax Facts points out.

The possibility of combining the posts of county health officer and medical director of the county hospital is suggested by Tax Facts, as well as pooling such facilities as pharmacy, X-ray equipment and laboratory in the interests of economy and efficiency.

"Perhaps the supervisors will give some study to combining the posts of county health officer and medical director of the county hospital," says Tax Facts. "San Mateo county combines the director of public health with the director of hospitals and welfare, and Merced county has recently done the same. It takes an experienced administrator with the right background, training and experience to operate both departments successfully, but it can be done," Tax Facts concludes.

BEE SKI MEET WILL BE HELD ON 'HILL' NEXT SUNDAY P.M.

SODA SPRINGS—Northern California and Nevada skiing enthusiasts have set their sights on the eighth running of the Sacramento Bee ski team trophy race at Soda Springs as the date of the annual fun race draws closer.

A large crowd of spectators is expected to be on hand March 21 as the slat artists drop down the 2,800-foot long course.

Milt Avilla, race director of the event, announced the course will follow an outline already designated by Dick Buek, who was one of the numerous great local products before he went on to Olympic fame.

Buek's pattern for the race includes approximately 25 giant slalom gates through which the skiers will drop vertically more than 500 feet.

Clubs, areas or civic groups interested in skiing may enter teams of two men and two women each for the competition.

All entrants will receive free luncheon, a full day lift ticket and identifying ribbons.

Awards in the form of pins will go to members of the top three teams and also the swiftest man and woman of the day. In addition the name of the winning team will be engraved on the specially designed trophy which will remain on display in the lodge of the winning team during the ensuing year.

Entry blanks may be obtained by contacting Milt Hogle at Soda Springs.

TAHOE NEWS

George Kehlet visited at his resort at Meeks Bay and Truckee on Monday, returning to Palm Springs later in the week. He attended a meeting in Carson City Tuesday when the proposed $42,000,000 Washoe Project was discussed.

Mr. and Mrs. Don Huff of Homewood and Woodland with their son and daughter-in-law, Mr. and Mrs. Don Huff, Jr., are spending the week at Palm Springs.

Mr. and Mrs. Ken Steddom are glad to be back at Tahoe City after spending the winter at Santa Barbara and taking side trips in southern California.

Mrs. Pete Heuga and sons, Jimmy and Bobby and Rex Donaldson left Wednesday to spend a week at Sun Valley, Idaho.

KUCHEL FILES IN U. S. SENATE RACE

Petitions nominating United States Senator Thomas H. Kuchel on both the Republican and Democratic tickets for the June 8 primary election were placed in circulation today.

They will be signed and formally filed with Orange County Clerk B. J. Smith by the end of the week, it was announced by Lyle C. Newcomer and Thomas J. Mellen, respectively, his southern and northern California campaign chairmen.

Senator Kuchel's declarations of candidacy on both tickets were filed in his home county—he was born and raised in Anaheim— and the petitions are being signed by his childhood school mates and old friends.

BIG SKI EVENTS AT SUGAR BOWL ARE SLATED IN MARCH

SUGAR BOWL—The 13th annual Vanderbilt Memorial ski meet will be held at the Sugar Bowl Friday through Sunday. All major colleges on the West coast are expected to participate in this classic.

The big event of the month at the Sugar Bowl will be the Sugar Bowl Ski Club championships on March 27 and 28, when over 75 club members will compete for top honors.

The course will be a giant slalom from the top of Mt. Disney to the chair lift at the foot of the run.

HISTORY DEPICTED AT WYETHIA MEET

Women in history were depicted in the program enjoyed by 52 members and friends of the Wyethia Club on March 6. The women and their portrayals are Mrs. N. F. Dolley, Pocohantis; Mrs. N. Firpo, Pricilla; Mrs. R. Buddle, Betsy Ross; Mrs. Charles Heller, Barbara Fritchie; Mrs. H. Loehr, Girl of the covered wagon era; Mrs. E. Stice, Red Cross Nurse; Mrs. Glenn Lee, Annie Oakley; Mrs. Robert Bick, Susan Anthony; Mrs. A. Benjamin, Carrie Nation; Mrs. Carroll Maynard, Amelia Earhart; Mrs. E. Bavier, Government Career Woman; Mrs. Cliff Ellis, Modern Club Woman; Mrs. N. Quilici, Liberty.

The historical setting for Our American Heritage was narrated by president, Mrs. Fred Pedley with Mrs. C. B. White playing the musical accompaniment.

Member of Pioneer Summit Family Dies

NORDEN—Rudolph Warner Van Norden, 78, California construction and electrical engineer and former P G and E Company district manager at Sacramento, was buried at San Francisco this week.

Early in his career Van Norden was associated with his father Charles Van Norden in bringing electric power from the mountains to San Francisco with a company that was later absorbed by the P G and E.

The family gave the name to Lake Van Norden, the headwaters of the South Yuba River at Soda Springs.

Tahoe-Truckee School District News

Truckee Elementary School

1st GRADE — The first grade started a scrapbook on food this week. They are finding out where they get their food and how it is transported.

2nd GRADE—Those having writing papers displayed on "Our Best Work" bulletin board this week are: Lois Donaghey, Liane Kay, Toni Hallett, Sara Van Sickle, Richard Sorani, Jean Wakefield, Peggy Eisenhower, Steve Besio, Barbara Steele, Bruce Falconer, Betty Baysinger, Evelyn Hintz, Leilani Braasch, Karey Kielhofer, Wilana Curran.

3rd GRADE — Gail Johnson moved away Monday. "Sorry to have you go Gail."

We are most happy to welcome Ina Kelly from Maryland to our class. She gave a most interesting report on her trip by plane from Chicago.

For science, Janice Stewart brought a beautiful collection of multi-colored coral.

We are studying weaving and are planning to do some mats with raffia.

4th GRADE—Pat Freeman and Francie McGwinn represented our room in the school spelling contest.

Last week we had a mistake in the news. Richard Donnis is really the one chosen to keep our room neat.

Pamela Freeman brought some moss for us to watch. She is hoping to make it grow.

Dorette Rose shared her fine coral collection with us.

Karen Pitts collects sterling silver spoons. She showed us some very old ones.

6th GRADE—Last Thursday each one in our class was given an enchilada which was made by the Mexican Food Committee. The committee members are: Margaret Steele, Sherry Curran, and Diane McGihon. They were helped in the preparation of the food by Mrs. Fred Steele.

Paula Kaspian and Susan Scow won the spelling co-championship together with Timmy Risden of the fifth grade. Timmy was selected to be an alternate at the county championships in Penryn, Saturday, March 20.

Last Friday Mrs. Helen Trask gave the intermediate grades a very interesting account of her sojourn in Greece as a teacher. Her talk was illustrated by slides of famous landmarks.

Tahoe Lake School

KINDERGARTEN & 1st GRADE —We viewed two filmstrips this week. One was "Working Together" and the other was "Keeping Clean."

2nd, 3rd, & 4th GRADES—Several trucks have been completed during class time. We are going to use these trucks to dramatize the role of trucking in our community

Michael Watkins brought some beautiful booklets for the class. The booklets have pictures of California wildflowers. Jeanne Spitsen and Sharon Quinn have enjoyed copying the flowers and learning their names.

"Down Singing River" is a new reading book for Karen Grahn, Gloria Drum, Bill Gorham and Mike Wright. They are enjoying the interesting stories in this book.

4th, 5th & 6th GRADES — We are really proud of our sixth grader, Roberta Buford, who won the spelling contest at the high school on March 11. She competed with other sixth, seventh and eighth graders in the district. As winner she will go to Penryn on March 20 to compete with other district winners.

The dance held on Friday, March 12, was considered very successful. About 25 children attended. The affair was sponsored by Mr. and Mrs. Robert Briggs.

The P-TA gave us a very welcome room party last week. Mrs. Bruce Wright and Mrs. Leonard Bury served cupcakes and ice cream. We sold the most P-TA memberships in the past few weeks and so were promised this party.

Plans are underway for another all-school assembly. The tentative date for this is Friday, March 26.

Students having perfect papers in all the weekly spelling tests for this marking period include: Trent Giannini, Joann Pomin, Ellen Rich, Roberta Buford and Sherry Thatcher. We congratulate them on this achievement.

Donner Trail School

We passed out new arithmetic test booklets this week. The first part of the book is review and we will do this easily. We needed new and more blocks as we now are going into two number work.

As this is Library Week we are reading aloud some of the least known fairy tales. We felt that most of the children knew the common tales. The children brought their own books. We now have books by Grimms and Andersen. On a poll that we made we found that most of the upper grade children had read a great many of the 200 books that young children should read.

Kings Beach School

KINDERGARTEN and 1st GRADE—Birthday parties—we do enjoy them, and we had two this week. Kathleen Malley was six Tuesday and her mother, Mrs. Chuck Malley, brought cake, ice cream and candy for the class. We played Pin the Tail on the Donkey with Ronnie Baker winning first prize and Carl Brooks received the bobby prize.

For Cris Althof, who was six Wednesday, his mother planned a very successful peanut hunt in our room. Diane Dacus received the prize for finding the most and Amy Arndt for finding the least peanuts. Cake and ice cream were served later.

David Reed, Pamela Powell and Loretta Barnett are now well along in their new books, "Through the Gate." They also have new "Read and Do" work books.

2nd and 3rd GRADES—We have a new reading game called Word-O which Mrs. Wing made, so we can improve our reading. The game is played similar to Bingo—except that words are used in the place of numbers.

Larry Free has finished his Indian broom which he made during social studies. Larry has made an interesting Indian picture book also.

Dan Anderson donated a number of National Geographic magazines to our room. The children are enjoying them very much.

Suzie Lucas brought her Chinese Checkers to share with her classmates.

We banked $9.10 this week. We came in second place.

Mrs. Ruth McPherson, King's mother, visited our room Thursday afternoon during our "folk dance" period. Mrs. Sophie Levra was unable to be present this Thursday to teach us a new dance.

4th, 5th and 6th GRADES — Gwen Mizner and Walter Mandeville were our representatives to the Spelling Bee at the high school. We were proud of their showing in the contest. They were selected after everyone in our class took a 25-word written test and each person had spelled seven words orally.

This week we studied about four groups of small islands in the Pacific Ocean. They were the Gilbert Islands, the Mariana Islands, the Marshall Islands, and the Caroline Islands. Karen Little an dTim Scoffield brought books and National Geographics which told of their importance during World War II.

Gwen Mizner, Carol Bailey, and Joan Decker had 100 per cent in their arithmetic progress tests. The good work in fractions has helped both 5th and 6th grade groups in their progress tests.

NORTH TAHOE

by HARRY CHARRISON

After a week of rain and snow, Friday morning starts off bright and sunny with just about one foot of the white stuff. The temperature at 7 a.m. was 3 above zero with promise of warmer weather and excellent ski conditions, and again a goodly number coming from the Bay area and Sacramento.

Had a call from Bonnie Barnett, of Bonnie Beach. She had just returned from a trip to Alabama, Georgia and Florida and had a very delightful stay with her relatives. Her sister Dixie, had expected to come back with Bonnie but decided to stay east until around June or hereabout. Glad to see you again Bonnie.

Just had news from our old friend Harry Stubley of realty fame, and of all things he announces his engagement to Regina Barieau of Auburn. The wedding date is not definitely set, but is expected to be in early spring. Mrs. Barieau is well known in social and civic circles. Harry, as you know, is well known in both civic and county affairs, a member of the Placer County Planning Commission, and vice president of the county Chamber of Commerce, and Brockway Rotary Club.

Roy Porath of the Kings Beach Variety store, made a fast trip to Oakland on business, and by what he tells me, he will have the largest stock ever, as he expects a good big business this summer sea son. Here's hoping Roy.

Eugene Jarvis of Eugene's Chalet, Crystal Bay, has just returned from an enjoyable trip to San Francisco, Sacramento, and Los Angeles. He says Lake Tahoe is the most beautiful place in the world, and that summer reservations are coming in faster than usual. Deputy Sheriff A. T. McCarter of Washoe County has been staying at the chalet during the winter.

George Lothrop who has a nice home on the golf course, but lives in Reno most of the time, has thrown his hat in the ring for the post of sheriff of Washoe County, Nevada. George took over that post when Sheriff Ray Root passed away, but was defeated by Bud Young in the last elections. He will be on the Democratic ticket.

The service of the Wee Kirk of the Pines at Kings Beach last Sunday morning was followed up with a potluck dinner in the auditorium of the church at 5 p.m. This affair was arranged so that the people of the community could become acquainted with the new pastor, Mr. Covher. As at the last two weeks, the attendance at the morning service was very gratifying, thanks to the efforts of Mrs. Abbott and Mrs. Judy.

It is the intention of the community or at least those that are interested in the growth of the church, to build a couple of rooms on the second lfoor for the minister and his wife to live in. This of course will run into a little money not much—about $350 will do the job, depending how many good willing hands will donate a few hours a week. The time for this work will be from 1 to 5 Wednesday, Thursday and Friday each week until finished. No matter how many show up, none will be turned away. If you want to buy a few boards let me know.

Tuesday the 9th of March was another red letter day for our friend Tom Sutton and he celebrated it with a grand surprise party. A host of his good friends (Of course he knew nothing about it?) arrived with all the secrecy in the world, the theme was "There's life in the old mule yet." Poor OLD Tom says they sure pile up on you these days.

Well it won't be long now, and we of the Brockway exchange will have the long awaited dial system in our telephone service. Won't that be something? We shall miss the voices of those sweet young things at the office who have been so faithful through the years and of course we shall still have to call operator for long distance. This change will no doubt be started around the end of May of this year.

Those who know Bill Miedema, who was a Truckee High student, but is now in the Navy, will be interested to know that he and his good wife are parents of a sweet wee girl born at Pensacola, Fla. on March 13, weighing 7 pounds. At the time of writing they had been too excited to give her a name, so now Arnold and Sophie are grandparents again, and proud ones too.

Carol Howard, our illustrious postmaster is back on the job after four weeks of a vacation. She was away down the southern-most part of California on a long trip visiting her dad, and then took leisurely trips around California and Nevada, finishing up with a flourish in San Francisco, where she spent several days before being joined by her husband Gene. Took in the boat show where Fred Main of Tahoe City had, I am told, one of the most attractive exhibits on the floor, then they naturally took in the Fisherman's Wharf, ate lobster and crab 'til they really looked like a couple of crabs themselves. She says she's glad to be back at work.

The S. E. Olsons of Olsons of Tahoe have been on a jaunt to Mexico where they mixed a lot of pleasure with business. Mr. Olson says he has purchased a fine lot of articles for their store in Kings Beach, and intends to open around the middle of April. Drop in and see this fine couple.

Mel Throop is under the weather again and has gone south for a short while.

Ruth Mizner reports that her mother who has been very sick back in Nebraska has improved so much that she might take a trip to Tahoe in the near future.

Election Called For Tahoe Board

KINGS BEACH—Voters of the North Tahoe Public Utility District are reminded of the biennial general election to be held here May 4, for the purpose of naming one director at-large for the district. The polling place will be at the Kings Beach elementary school house and the polls will be open from 1 until 6 p.m.

The election board will comprise Alice Sorensen, inspector; Myrtle Nelson, judge, and Winona Hall, clerk.

SUMMIT SCENE

by FRAN COUILLARD

We observe (now that we're hoteling again) that skiing and winter sports in general are drawing the family trade more than ever. It isn't big brother and big sister who have all the bright new ski togs and an allowance for weekends of skiing, now the hotel reservation is for the whole family, papa, mama and the small ones, too! From our talks with ski instructors we learn that small fry is getting his instruction. From ski shop operators we learn that the smallest pair of skis and the smallest boots are being rented regularly.

Proud papas pull toboggans loaded with kids toward uncrowded midweek slopes. Lonnie Goss and Al Haltom find that their dog sled teams are busily engaged during the weekends as they drive the young ones around the snow covered trails of Soda Springs and Sugar Bowl. Residents who operate businesses or work in the area find time to see that their youngsters get in their skiing. Amongst these are tiny Debby Zorich who can be seen "practicing" on the slope in front of the Zorich home at Soda Springs. Also little Billy Strickland whose snow burned face peeks at you from under his ski ap.

Big Week Ahead

The next weekend is a crowded one for the Soda Springs area. The Donner Trail Memorial Race classic starts its 6th marathon early in the morning from atop Donner Summit. Applicants include Otavio Genoni, former Swiss cross country champ. Otavio who raced in the '52 event was just a hair breadth from the winning time. Edy Sommerauer, who has entered each year—adds his application to the fast growing pile. In the women's division Prue Crosby and Eleanor Anderson are the first to turn in their applications. Kit Schull of Norden and the skiing family of Werner Schopfer's of Oakland—Werner, Jr. (16 years); Herzie (18 years) and Walter (12 years)—all in the Junior Division announce their official entrys. Familiar to cross country race enthusiasts are the names of Bob Anderson (Vikings), Charles Metzger (Tri Pass, Oregon), Larry Cartmill (formerly of Norden and now representing the Roseville Rubaiyat Club), John Bishop of Soda Springs, Trusten Wadsworth (raced only in the first year of the DTMR), Arne Gille of the Auburn Ski Club (a consistent contestant), Wynne Killian and Jim Miller (who have skipped a few years of the marathon), Gustax Bergwall (who has raced before), Karl Soderburg, and many other names that have become famous through their 26-mile trek over the Donner Trail Race course. Drawing for numbers will be held at Beacon Hill Lodge Friday evening, the 19th. Buffet type banquet for presentation of trophies at the Soda Springs Hotel Saturday night, the 20th after the race. Spectators may witness the racers as they pole along the course from the large bay windows of the Soda Springs Hotel, the porches of Beacon Hill, Crest and Donner Summit Lodge; the wide snow fields below Kingvale (where tired racers get their second wind and pick up speed) from Rainbow Tavern patio —where the women will start at 11 a.m. to finish at the end of the course (Rancho Sierra). Trailsyde Lodge also offers a fine view of the racers as they suddenly emerge through the trees on their westward flight. The finish of the race can be seen from the porch of Rancho Sierra where there is a clear stretch of a mile from which the racers can be seen approaching the finish line. Each year's group of spectators grows larger as the fame of the Donner Trail Racers spreads.

The Soda Springs Ski Hill this next Sunday is taken over by the teams who vie for the Sacramento Bee Race Trophy. Many entrants in this annual foretell the biggest entry list ever for this event. Drawing of numbers for this event will be at the Soda Springs Hotel on Saturday, the night of the 20th. Presentation will be at Beacon Hill Lodge on the 21st, following the race.

The Peninsula Ski Club has their own skiing contest this coming weekend on their own stamping grounds—the Donner Ski Ranch.

We report that the Donner Trail Memorial Racing benefit was a huge success considering the fact that the usual snow storm fact accompanies the party night (has four times out of six) raged in all of its windy glory. Cooperation of the various lodges along the 26-mile course was 100 per cent as always. Buffet dinner, donated by the operators as sumptious as ever. Total derived (after all bills were paid) $510—which swells the Racing Fund to $750. Trophies are on display at the various lodges along the run.

Flowers for Doris Chaplin—now in the Tahoe Forest Hospital for a check up; for Pat Woodard also in the same hospital for an allergy of unknown origin; for Ruth Meador in San Francisco for a check up.

Not in time for you to join us: Elmo Moriano's Corn Beef and Cabbage—St. Patrick's dinner at Beacon Hill Lodge on March 17.

Wedding Ceremony On Squaw Peak Is Most Unusual Rite

TAHOE CITY—A unique wedding was performed yesterday afternoon at 2:30 on the top of Squaw peak by the Rev. Dwight Moody Isle of Nevada City, uniting Austin Frodenberg of Tahoe City and Miss June des Lierres of Denver, Colorado.

The vows among the clouds were exchanged at the 8,200-foot level after the party had ridden up the mountain.

Ski instructors and patrolmen of Squaw Valley formed an arch of ski poles as the couple were married.

The bride was attractive in a gown of ice blue, the bridegroom wore a tuxedo, the coat of matching shade, Mrs. Jackie Scott of Cisco Grove was matron of honor and Linda Lou Frodenberg was the bride's maid. Kjell Rustad of Tahoe City acted as best man.

Mrs. Frodenberg attended schools in Colorado and is the daughter of Mr. and Mrs. Dewey Drake of Denver who were present for the nuptials.

Frodenberg is the son of Arthur Frodenberg of Tahoe City. The newly weds are well known in skiing circles, both have taken class A and B championships in the sport.

Mr. and Mrs. Frodenberg will be met at the Reno Airport by Jack Sweetser of Knights Landing who will fly them to Sun Valley, Idaho. Frodenberg is employed by Sweetser as a crop duster pilot and following a trip, the couple expect to make their home in Knights Landing.

In this one-room schoolhouse in Ripon, Wisconsin, was held the first "recorded meeting" of the Republican Party in 1854. On March 20 next, the 100th birth-date of the party, Republican officials from all over the nation will join Ripon Republicans in re-enacting the founding of the G. O. P.

Governor Given 'Warning' With Photo of Warren

SACRAMENTO—Former Governor Earl Warren, now chief justice of the United States, issued fair warning today of the fate that will befall his successor, Goodwin J. Knight.

In a letter to Governor Knight, regarding the unveiling of Warren's portrait at 2:30 p.m. March 22, a ceremony the chief justice will attend, Warren said in connection with a press clipping:

"This is the end result that all governors hope to avoid. The caption is not entirely pleasant to think about."

The caption, under a copy of Warren's portrait, said:

"To hang in state Capitol."

COLD WEATHER IS REPORTED AT LAKE

TAHOE CITY—With 22 inches of snow on the ground at Tahoe City Tuesday, and more expected as the week progresses, the lengthy spring-like spell of weather has apparently ended for the time being.

Precipitation during the past week was heavy with 2.16 inches of rain preceding the 1.78 inches of precipitation in the 15.5 inches of snow which fell.

Fair and cold weather had predominated throughout the past weekend with the temperature dropping to 4 degrees last Friday and rising only to a chilly 39 on Sunday.

The lake level stood at 6227.81 feet above sea level Monday with two gates on the Truckee river open, Art Frodenberg, cooperative observer, reported.

DISPLAYS HERE TO FEATURE ART WEEK

The Wyethia Club, as a branch of the Federated Women's Clubs, will observe art week, with local business windows featuring the work of school children in general, and others who belong to the Girl Scouts and Brownies.

Miss Ruth Osborn, a senior in the Tahoe Truckee High School, will have her oil painting entered in the State Federation art contest, the first judging in the northern district.

Continuing interest in art work, a group of the club's members will visit several exhibits Saturday in Reno.

There will be a contest for Girl Scouts and Brownies in two divisions to include scenes done in oil, water color, charcoal or pen and ink and ceramic figurines. Judging will be done by local artists and later announced.

Tahoe Items

by Jeannette Mitchell

Top 'o the mornin' ta ya and 'tis a nice fine, large, beautiful day I be wishin' ya one and all. What with this last week passing most of us surely think Spring has sprung —we've been seeing our first robins and took pity on the wee creatures when along came the snow fall and freezing weather.

There's been some weddings in the air. The former Miss Pat Henry of Tahoe City, whom you all know was raised on our beautiful shores of Lake Tahoe and in later years of her young life attended the University of Nevada and furthered her career during the war by doing her job well at the U. S. Weather Bureau in Reno. Pat walked down the path of matrimony with Malcolm Fox of Reno. She was given in marriage by her father, A. M. Henry of Tahoe City and attended by her sister-in-law, Mrs. Jean Henry as matron of honor and George Fox III, brother to the groom, as best man.

The bride was resplendent in a lovely dark blue taffeta, full skirted gown and carried a white orchid. The matron of honor wore a dove-blue grey full skirted taffeta gown with pink assessories and carried pink carnations. The brides mother wore light blue taffeta with pink assessories while the maternal grandmother whom we all know, and was so glad to know she was well enough to attend the wedding, was beautiful in her orchid gown and pink and white assessories.

The wedding took place at the First Baptist Church of Reno, the Rev. Blake Franklin officiating.

The reception was attended by some 45 friends of the bride and groom. Their three tiered cake was a masterpiece by our own Tahoe City baker, Mr. Leonard Bury. The couple left via plane for San Francisco thence for a three weeks honeymoon to the Hawaiian Islands and will return via the Lurline steamship, returning to this area to make their home.

Fred Planett, uncle to the bride drove up from Roseville to attend the ceremony.

A wedding which many of the Tahoe younger set will be interested in was that of Mr. and Mrs. Ralph J. Hicks' daughter, Patricia Mae, to Rodney Lee Weaver last February 14 in Burbank, Calif. Pat will be known to many as she attended our Tahoe schools. Her parents still own property here on the lake in the Tahoma area.

TAHOE FOREST ACTIVITIES

Recreation Use of the Forest

All of this fine weather we had this spring made many folks get an early urge to get away from the hustle and bustle of the cities to re-invigorate themselves in the cool, clean air of the Sierra Nevadas. The Tahoe Forest experienced an unseasonal use of some of its recreation areas.

Did you ever stop to think of how many folks take advantage of the Tahoe National Forest for recreation? Do you know how many facilities the Forest Service provides, free of any charge, for recreation purposes?

Well, here are some statistics and pertinent facts:

Each year the forest has (in addition to the users of Highways 40, 49, 20 and 89) 120,000 visitors using Forest Service facilities. The average stay of each is about three days—or a total of 350,000 man days of use.

Where do all of the people go? The Tahoe Forest has 60 public camp grounds of varying sizes and facilities—but all providing water, sanitation and campsite facilities. There are 350 summer home residences in sub-divided areas; 25 organization camps for Boy Scouts, Girl Scouts, 4-H Clubs, Campfire Girls, Ski clubs, etc.; and eight resorts offering a varying type of accommodation. From reliable figures on hand, it is estimated that 1¼ million people use the highways traversing the forest annually. Each, it is assured, get enjoyment from the beautiful scenery from these highways.

There are nearly 400 lakes, 1550 miles of streams suitable for fishing, and close to 1,000,000 acres of land without a single "No Trespassing" sign thereon and which is available to everyone regardless of private means. All one has to have is some way to get there.

Each hunting season, the Tahoe Forest is visited by 20,000 hunters, seeking the wiley buck out of a population of 35,00 deer. About 2,000 are successful each year.

Most all of these visitors to the Tahoe Forest are from areas a considerable distance from the Forest. These visitors contribute materially to the economy of cities and towns leading to and within the Forest. Sale of gasoline and oil, food supplies, fishing and hunting gear, clothes, drugs and goods of all types are made to the visitors. As the population of California increases, more and more people will seek this inexpensive, yet very enjoyable recreation and relief from the pressures of metropolitan areas.

Truckee District Personnel

As the Truckee Ranger District plays host to a large percentage of Forest visitors, here are some thumbnail sketches of our Truckee District personnel.

The District Ranger in charge is E. E. "Pike" Boehm, a veteran of 29 years of service. Pike is a forestry graduate from the University of Montana. He started his Forest Service career in 1924 and has served on the Plumas, Shasta and Tahoe National Forests. He has been at Truckee since 1948.

His assistant is Nelson Stone, who specializes in Fire Control activities, but aids in all phases of the job. Nelson started his service career in 1937 on the Tahoe and has served on the Truckee District, Camptonville District and went back to Truckee in 1952.

Henry Toccalini, a graduate of the New York Ranger School, is the fire dispatcher and clerk. His entire career has also been on the Tahoe Forest, with service starting at Sierraville in 1938. He was assigned to Truckee in 1950. He is a native of Nevada City, where he was an outstanding athlete at the high school.

At Lake Tahoe, there is Clarence L. "Butch" Beavers, who handles the fire prevention job at the lake. "Butch" has been with the Service since 1945, on the North Bloomfield District and in his present assignment.

Fire Crew Foreman is Dean Vinson, Patrolman of the Boca area is Jack Schindler, and Horse Patrolman north of Lake Tahoe, is Harry Parsons. There are some 15 additional workers on the district on a seasonal basis.

FORMER TAHOEAN NAMED ON BOARD

TAHOE CITY—Governor Goodwin J. Knight Monday announced the appointment of Mrs. Rose Marney of Pasadena as a member of the State Board of Cosmetology, succeeding Mrs. Esther D. Reidenbaugh of South Gate, whose term expired.

Mrs. Marney is well known at Tahoe where she managed a beauty shop for two summers in 1938 and 1939. She is a widow, 58, and has one daughter.

Since leaving Tahoe the new board member has resided at Pasadena where she conducted classes in the schools of that area and is prominent in educational activities and civic groups.

Portable telephone building. This small but fully equipped telephone central office was recently moved by truck from one site 335 miles away direct to Pepperwood, California. By moving it intact, telephone people cut 20% from the cost of installing a telephone system in Pepperwood. And they speeded the job by about five months. An unusual story, yes. But it shows how we're doing everything we can to bring you more service, good service, at the lowest possible cost to you. **Pacific Telephone works to make your telephone a bigger value every day.**

NOTICE!

$25,000 DAMAGE SUIT FILED AS RESULT OF FALL

NEVADA CITY — Repercussions from last year's snowfall—John Dieden filed a complaint in the Nevada County superior court on March 4 against the Soda Springs Corporation, et al, for injuries he allegedly received while trying to board a ski tow March 7, 1953.

The $25,000 complaint charges that the Soda Springs Corp. "negligently and carelessly" failed to provide supervision at the ski tow loading platform, allowing the other passengers already in the double chair to shift and caused a pit to be dug at the load platform.

Dieden charges that in attempting to sit in an unoccupied space in the chair, the other passengers shifted, knocking him off the platform and into a pit.

PROPOSED LAW TO DENY ADVERTISING

SACRAMENTO (CNS)—Under a bill introduced in the assembly, California liquor licensees could not advertise by newspaper, magazine, radio, television or billboard without the approval of state liquor control officials.

Lester A. McMillan of Los Angeles, author of the proposal, said the new state director of alcoholic beverage control, or any other new state liquor control agency which the current special session of the legislature may establish, would give or deny permission for such ads.

Jewish Services

The first Jewish regigious services in San Francisco were conducted at No. 4 Columbus Avenue in the fall of 1849.

Longest Tunnel

The Alva B. Adams irrigation tunnel in Colorado is the world's longest—13 miles.

Legislature Acts To Put Curg On Selling Narcotics In State

SACRAMENTO (CNS)—A series of bills have been introduced in the assembly which would make all narcotics peddling a felony punishable by sentences ranging from one year in prison to death.

The bills were offered by Charles E. Chapel of Inglewood.

One of the bills would provide a mandatory sentence of from five years to life imprisonment for anyone found guilty of illegally selling drugs to a minor. A second conviction on this charge would boost the mandatory penalty to a minimum of 10 years in prison and a maximum of death in the gas chamber.

Another of the bills would impose a one to five year sentence for sale of narcotics to persons over 21. A second offense would carry a penalty of from five to ten years. There would be no misdemeanor offenses punishable by county jail sentences.

Crossings Protected

Tamblyn Seeking Return to Office

William L. Tamblyn, calling on friends in Truckee last week, announced that he will be a candidate to succeed himself as Nevada County assessor at the June 8 primary election.

"Bill" Tamblyn is no stranger to the people of the eastern section of the county, being a frequent and welcome visitor here, both in his official capacity and to visit friends and relatives.

The candidate is currently serving his first four year term as assessor of Nevada County but prior to his uncontested election four years ago, he was chief deputy under Assessor Phil Scadden for five years and prior to that was part time deputy for three years. This service adequately establishes his qualifications for the office he holds.

Currently Tamblyn is directly charged with assessing some $33,000,000 worth of property. This figure was arrived at chiefly during a revaluation program made mandatory through state laws. The local assessor and his deputies handled the revaluation project in a creditable manner and on a basis of equality and fairness.

Duties of the assessor are many and varied and the way they have been administered leaves no question that Tamblyn is definitely able and qualified.

A native of Nevada City, Tamblyn graduated from the University of California in 1936. He has consistently been active in civic and fraternal programs. He is married and he and Mrs. Tamblyn are the parents of four children.

WEATHER REPEATS

From the Grass Valley Union's files of February 23, 1879 came the report from the Truckee Republican that winter has vamoosed. "The hillsides are bare and there is neither coasting, skating or sleighing." Weather history is repeating the 75 year cycle, this season having been unusally mild.

Lake Erie has an area of 9940 square miles.

BRUCE ADVANCES IN PHONE COMPANY

Robert W. Bruce of Sacramento has been appointed assistant vice president of the Pacific Telephone Company with state wide responsibilities. Before going to Sacramento in 1952 as division manager he was general manager of the Bell Telephone Company at Reno, Nevada.

Mr. and Mrs. Bruce are well known here where they frequently visit.

LOCAL STUDENTS WIN SPEECH CONTEST

"What the Constitution Means to Me" was the topic for the Lions Club Speakers Contest for this year.

Tuesday, March 9, Barney Gilmore, Nikki Ann Wing and Carol Wilson spoke to the Lake Tahoe Lions Club at the Sierra Lodge. Wednesday, March 10, Linda Loynd, Jude Commagere and Charlotte Ray delivered their addresses to the Truckee Lions at their meeting which was held at the Donner Lake Lodge.

Barney Gilmore was judged the winner of the Tahoe Lake contest and Linda Loynd was judged the winner of the Truckee contest.

These two students will speak in the zone contest which will take place at the Bret Harte Inn in Grass Valley on March 25 at 7 p.m. The winner of this contest will take part in the district contest, the time and place of which will be announced later.

SAFETY WEEK TO FEATURE FILMS

Safety week will be observed here from March 20-26, sponsored by the Wyethia Club which will hold the initial program on March 19.

The California Highway Patrol headed by Sgt. Ed Freeman will show instructive films to the women members and guests and also to the Rotary and Lions Clubs on their meeting nights next Monday and Wednesday.

A series of safety reminders are being planned for the week to include a patrol downtown, a booth where literature may be obtained. An inspection of automobiles will be held on March 23 and 25 from 1 to 3 p.m. at the Tahoe-Truckee High School. Pedestrians will participate when the tape recorded questions are asked on the vital subject.

Patrolman Thomas Sheehan will take a bicycle film in color to be shown in the grammar school and accident pictures continue to be viewed in the justice court windows. Red markers of accident spots will remind motorists that it has happened here and safety tests have been given high school students this week.

TRUCKEE PROJECT DISCUSSED IN MEET

CARSON CITY—Flood control, irrigation and power projects proposed for western Nevada were discussed by Army engineers at a meeting attended by 40 water users and state officials.

Governor Charles Russell presided. The session was attended by A. M. Barton of Sacramento, chief engineer and manager of the California State Reclamation Board.

Spokesmen for the Army engineers discussed a report submitted early in 1953 proposing expenditure of $820,000 to improve the Truckee River outlet at Lake Tahoe, clear the Vista reefs and improve the Truckee channel downstream.

Also discussed was a $42,399,000 project for development of the Truckee and Carson Rivers. This calls for a storage reservoir with a capacity of 126,000 acre feet at Stampede on the Little Truckee River, connected by tunnel to the Cal-Veda power plant near Fleisch.

It was explained that California interests must be consulted on the Truckee River project and there has not been sufficient time for California groups to analyze the bureau's feasibility report issued in January.

Chairman Discussed Red Cross Program

In line with the current drive for funds to support the local Red Cross needs, Mrs. F. W. Wilson, Truckee district's home service chairman has issued the following statement:

Join and serve your Truckee Branch of the Red Cross. The Red Cross has defined responsibilities and to fulfill these responsibilities there is a service or program designed to meet specific human needs. Through the years, service to the armed forces and veterans, disaster relief and rehabilitation, the blood program, first aid, water safety, the nursing services and the Junior Red Cross have brought greater security and peace of mind, better health and often even life itself to people in need of help.

It is a great force for mercy and helpfulness that you join when you become a member of the American Red Cross. Through its friendly hands you serve your neighbors and your nation.

In Colfax—
Mr. and Mrs. Omar Alexander were Colfax visitors on Saturday.

Father Here—
Mr. and Mrs. James Walker have as their guest, her father, B. Poole of Ft. Bragg.

Seeing Doctor—
Mr. and Mrs. William Englehart are in Sacramento where she is having glasses fitted and a check up of her eyes, following a recent operation.

Birth Date Observed—
Donald Sites observed his birth date on March 11.

St. Patrick's Birthdays—
Mrs. George Kamp, Lloyd Everett, Mrs. Joe Mattos and G. Gini all celebrated their natal dates on March 17 with their respective families. Kathleen Curran is enjoying her birthday anniversary today.

20-30 Meeting

At a meeting of the Truckee 20-30 Club held earlier this month at Brown's Cafe, District Governor Kenneth Hedlund spoke briefly on the importance of sponsoring the Rheumatic fever fund which is the perennial project of 20-30 International and of its member clubs.

The program for the evening was a motion picture "You Can Beat the A Bomb" presented by the program chairman, Lynn Kishbaugh.

Son Born Here

Mr. and Mrs. Clyde Wright of Tahoe City welcomed a son at the Tahoe Forest Hospital at 11:31 as St. Patrick's Day neared its close. The boy has been given the name of Clyde Stephen and weighed seven pounds and 10 ounces when he arrived. Dr. Sidney Kase was in attendance.

Home from Mexico

Mr. and Mrs. E. E. Boehm and Mr. and Mrs. Harry Oates, the latter couple from Oroville, have returned from a motor trip through Mexico. While in Guymas they called on Mr. and Mrs. H. T. Langille, who are wintering there and reported the Langilles were preparing for an extended trip into the southern part of Mexico with other couples.

McGLADE ASSUMES HOSPITAL DUTIES

John J. McGlade last week took up his official duties as administrator at the Tahoe Forest Hospital, replacing John H. Wardman who with his family has left for Avenal, Kern County, where he is employed as administrator in a Standard Oil Company hospital.

Recuperating—
Mrs. Garing McGee of Nevada City is recuperating from an operation performed last week. Her many local friends are hopeful for her complete recovery.

Student Recognized—
Miss Shari Reynolds, freshman at the University of Nevada had the distinction of being the first chosen "Queen for a Week." A campus newspaper article was devoted to personalty and activities, praising her as a representative young college student.

Hospitalized—
David Medford is in a San Francisco hospital, with his back in traction, due to an old injury.

Tonini Skis—
Bob Tonini who is attending Sierra College at Auburn will represent it in the Sugar Bowl Vanderbilt Cup skiing competition to be held this weekend.

Family From Vallejo—
Mr. and Mrs. Leslie Grow had as their guests the past week Mr. and Mrs. Sidney Eilertson and family of Vallejo.

Appendectomy—
Miss Barbara White, daughter of Mr. and Mrs. Guy White of Colfax recently underwent an appendectomy at Auburn. The family formerly lived here.

Daughter Born

Word has been received that Mr. and Mrs. John E. Kent of Upland, Calif. became the parents of a daughter on March 12. The baby has been named Marsha Ann and weighed 7¼ pounds on arrival. The mother is the former Georganne Grigg who formerly lived here with her parents, Mr. and Mrs. George Grigg.

Fires Reported

Two incipient fires kept the volunteer fire department on their toes last weekend.

A shingle fire on the roof of the A. Pasci home on Trout Creek at 7 a.m. Sunday was quickly extinguished and Monday morning at 8:30 an overheated stove in one of the Cabona cabins on West River Street did no damage due to the fast and effective work of the volunteers.

Are You a Sierra Sunscriber?

Practice Is Slated

Noble Grand Alice Mayer presided at the regular meeting of Naomi Lodge of Rebekahs last Wednesday. Due to the storm only nine members were present. Mrs. Pearl Heller accepted the nomination as district deputy president and will be delegate to the Rebekah convention at Long Beach in May.

Officers were reminded to attend the next meeting on March 25 as there will be an initiation practice. Refreshments followed the business meeting and Mrs. Jo Thomas and Mrs. Leonore Vind were on the serving committee.

Visits Daughter—
Mrs. Lawrence Owens left Friday for Millbrae where she is visiting her daughter, Miss Olga Owens.

Wallis to Brownsville—
Mr. and Mrs. Monte Wallis and family left last week to live at Brownsville.

Affiliation Suggested To Promote New Highway

Howard Newsham, president of the local Chamber of Commerce, at Monday's meeting at Donner Lake Lodge discussed the advisability of joining other organizations in the drive to speed up the starting date for making Highway 40 a four lane highway. He stated that S. Purbis, president of the United States Chamber of Commerce, stopped in Truckee to confer with him about the proposed routes and asked the local Chamber's support.

William Englehart reported on the progress being made toward the new map of the area for distribution to tourists and persons interested in coming to this area.

The next meeting of the Chamber will be held at Brown's Cafe on the first Tuesday in April. The local interest in where the new highway should run in relation to Truckee will be obtained and recommendations made at this meeting.

Tarzan

by EDGAR RICE BURROUGHS

THE ESCORT BOAT LEFT TARZAN AT THE FALLS AND NOW HE SWAM THROUGH THE WATERS OF THE UNDERGROUND CAVERN.

TARZAN FINALLY EMERGED INTO THE OUTSIDE WORLD AND HIS FIRST TASK WAS TO FASHION A BOW AND QUIVER OF ARROWS.

HE WORKED LONG INTO THE NIGHT AND WAS SUDDENLY INTERRUPTED BY A FAINT, PRIMITIVE DRUMBEAT. AS IF SEARCHING FOR GUIDANCE, HE STARED AT GORO THE MOON--

THEN, INSTINCTIVELY DRAWN, HE SWUNG THROUGH THE TREES IN RESPONSE TO THE PRIMEVAL SOUND.

SOON HE REACHED HIS OBJECTIVE AND GAZED WITH SAVAGE RAPTURE AT THE SIGHT OF THE SHAGGY APES BELOW--

BEETLE-BROWED, DROOLING BRUTES WHO PERFORMED THE ANCIENT RITUAL OF THEIR KIND--THE WAR DANCE OF THE DUM-DUM!

JOHN CELARDO 3.21.1202
